

Experience

I run my own freelance web design business under etikauk design. Being a freelance designer has its challenges, but I have great fun working with clients on a very personal level. Through my business I have been involved in the following projects:

November 2010 - present

Folkestone Multicultural Festival website design including CMS
www.folkestonefestival.org

December 2011 - present

An e-commerce website a local shellfish trader
www.chummys.co.uk website and identity design

February 2011 - present

Website design including CMS for a prop buyer and stylist in London. www.janeharrisdesign.com

June 2012 - present

CMS website design, development and traing for the artist community in the Thanet area. www.beyondtheview.org.uk

September 2012 - present

Website design for a local traditional acupuncture practitioner based in Canterbury, Kent. www.nicepractice.co.uk
